

# Neighbors with a Heart Campaign

## Heart of the City Foundation

The Heart of the City Foundation is celebrating the Twentieth Anniversary of Manna Café by launching the “Neighbors with a Heart Campaign”.

Manna Café is an outreach ministry of Broad Street United Methodist Church (BSUMC). For twenty years, Manna Café has served food, fellowship, and love for those in need in downtown Columbus. Over 130,000 meals have been served.

- The Neighbors with a Heart Campaign will support significant updates to the kitchen facilities at Broad Street United Methodist Church. Manna Café is at a crossroads. Kitchen renovation is critical to sustain this important community service and provide options to serve our guests.
- Renovated space will be more efficient with separate spaces for food preparation and clean-up, increased storage, updated appliances, improved fire safety, and catering-capable areas.
- \$250,000 is needed to sustain Manna Café for another twenty years.

### Donor Recognition

All donors will receive an invitation to the November 2021 Celebration Gala and will be recognized in the Event Program
